

FACT SHEET

175 MAYFAIR AVENUE

The Macdonald Youth Services (MYS) therapeutic centre allows the agency to seamlessly deliver services to Winnipeg-based clients.

Facts

- 33,000 square feet
- three floors
- 100% barrier free
- two smudge rooms
- 18 customized therapy and meeting rooms
- 112 therapists, support and administrative staff
- life skills, money management and computer technology lab
- teaching kitchen
- cultural, art and music program spaces
- energy efficient
- advanced IT
- advanced security systems
- built by over 40 local trades and vendors

Cost

The total construction costs were \$7.5 million. Through our successful year-long capital campaign, we raised \$2,850,559. All funds raised were through private donations.

Savings

The facility was built on property MYS already owns. The cost of the new mortgage is less than what the agency currently pays for rent and upkeep at various locations throughout the city.

Projected annual savings: \$60,000 in operating costs and \$20,000 in yearly maintenance costs.

Overview

In 2016, MYS provided services to almost 9,500 children, youth, adults and families. The agency serves clients through its six key programs:

- walk-in youth shelter
- full-time foster family care
- specialized counseling
- group homes
- mobile crisis teams
- work and life skills programs

Thank you for supporting our vision for the future!
